HP :: S+3T+W
END :: HP
RES :: Natural 3
MOV :: 2AB
ESNC :: WP+FOR+2
PACE :: 10

Giant : Body in gigantic proportions. Have incredible strength and mass. +4 on all STR related damages.

Brutal Proportions : Your attacks sweep through an area, giving every weapon you use +5 Sweeping by default. Also due to your size, enemies smaller than you have a much easier time blocking or dodging your attacks, depending on the size class diffrence.

Four Armed : Have multiple limbs. Can get ambidextrous Keyword thrice.

Terrifying : People feel unease around you.

War Heart : Body fueled by essence through your war heart. All flesh around holds on to it, feeds from it. If it gets hurt, you die. If it cant feed your flesh, your limbs start dissolving, eventually opening your chest.

Refill Flesh : Spend Essence to roll for healing.

War Heart Rampant : Activating this gives you +2 Pace and +1SL to your dominant stat rolls until you run out of essence.

Divine Eater : Sustain and regenerate by the flesh of alive and concious beings. Inflict extreme mental effects to heal yourself (heal the amount of the CHR+INT+WP of your enemy). Restore Essence from stealing it from eaten enemies souls.

Scorched Minds : Recall feats from those you consumed recently. Keep 1 mental Keyword (like knowledge, proficiency, tendency) from an enemy you consumed for a day.

Howling Terror : Howl your siren voice by spending 1 essence, terrorizing those around you. Spend Essence to amplify the effect. All those hear it must pass a (E*-SL) WP check or get terrified and take E*WPB damage.

Scale Sheer Surface : Can trevarse almost any surface. Crawl on ceilings and hide in impossible corners.

Stick Fingers : Get an excelent grip on anything you hold on to. +1SL on grapples.

Night Vision : You can see clearly in darkness.

Albino : Sun and some strong effects over your skin burns you.

Extreme Temper : Emotions takes hold easily. Your character can spiral into blind rages, deep sorrows or blissful hapiness, and may need to roll for checks to get a hold of themselves.

Subject to Power : Strength and intimidation triggers an obedient reaction. -1SL to such rolls.

Adaptive Mimic : Learn new concepts and behaviours rapidly.

Far Leap : Cam jump double the length and height.

Weak Body : Magnitude of your strength is not much. If you roll the same SL with a being that doesnt have this, it counts as if they won.

Bone Armour : When in need, can grow bones and horns at will from anywhere on your body, sacrificing health and blood. Standard damage for such tools mimic their metal counterparts, with only 2 less base damage. Health sacrifice example table:

Horns: -1
Spiky skin: -2
Huge fangs/claws: -3
A spear bone: -4
Partial Bone Armor: -3
Full Exosceleton: -10
Grow out daggers: -3

Bones start dissolving after a day. Bone resistence is 2. Standard damage for bone weapons mimic their metal counterparts, with only 2 less base damage. Can grow out dagger shaped bones and use as weapons, demands a level of mastery tho. Grown bones dont include marrow.
